Self-Evaluation of Participation

Name:

From the Course Syllabus:

Participation:

Your active participation in class activities and discussion are crucial to the success of the course. You are expected to come to class fully prepared to discuss the day's texts; this includes bringing copies of your reading assignments so that you can support your ideas with specific examples, your completed Historical Analysis Prep sheets, and your observations and additional questions about the material. You will be graded on the *quality* of your contributions to our class discussions. **Simply attending class without any further involvement in our discussions will result in a participation grade of "C" or "Satisfactory."**

Self Reflection

With the criteria for participation and professionalism in mind, please write a few sentences that:

1. propose what grade you deserve for in-class participation during the past few weeks, and
2. defend your proposed grade with concrete evidence from our small discussions and larger-group discussions.
